

LETTORE BARCODE ATLANTIS A08-LS1500 USB – TECNOL. LASER LET

Description

- Lettore codici a barre laser scanner
- Sensore laser (650 nm) – Risoluzione 4 mil
- Velocità di 100 scansioni al secondo
- Profondità di campo 10-500 mm
- Resistenza a caduta 1.5m
- Configurabile impostazione autosensing
- Disponibile piedestallo opz. per scansione continua
- Connessione USB/Seriale/PS2 a seconda del modello
- Impugnatura ergonomica e pratica

Optical

Optical sensor: Laser

Light source: Laser diode (650nm)

Resolution: 4 mil

Depth of Field: 10~500mm

Scan Rate: 100 scans/second

Pcs: =>45%

Electrical

Voltage: +5V±5%

Scanning currents: Standby currents: Environment

Operating temperature: 0°C to 50°C / 32°F to 122°F

Storage temperature: -20°C to 60°C / -4°F to 140°F

Operating humidity: 20%~ 85%

Storage humidity: 10% ~ 90%

Shock resistance: 1.5m drops

Physical

Weight: 210g (w/cable)

Dimensions: 190mm(L)x60mm(W)x54mm(H)

Housing Material: ABS plastic
